READY ON EVE OF MURDER TRIAL

Attorneys Prepared For Legal Battle, on Which Paul Harris' Fate Depends.

TALESMEN'S NAMES PUBLIC

Accused Son Will Likely be Arraigned and Allowed to Enter Plea in Morning.

On the eve of the beginning of the murder trial which will probably go into the history of Rush county as one of the hardest fought legal battles ever carried on in Rush county, attorneys for Paul Harris, who is accused of murdering the woman who gave him birth, and the attorneys who will prosecute him and attempt to prove the charge made by the grand jury and the coroner, are prepared for the encounter of wits.

It was announced late today that Ed K. Adams of Shelbyville had been retained to assist in the prosecution. Paul Harris will likely be arraigned at the beginning of the trial tomorrow. At that time he will be allowed to enter a plea. It is generally the custom to go through this formality before the beginning of a criminal case but this was dispensed with in this instance.

Paul Harris, who will begin a fight for his liberty tomorrow, is said to be very calm and unperturbed. He has not been out of the county jail since he was placed there Tuesday afternoon, May 7, shortly after one o'clock. Few people have visited him in his cell except his very close friends and relatives. His wife and her five-months-old baby have been at the jail almost daily to console him.

Attorneys predicted this afternoon that it would require two days at the least to get a jury. Many things combine to make the task an especially difficult one. Farmers are several weeks behind in their spring work and they resort to most any means to be free from jury service. There is such a wide knowledge of the case because of the crime and the standing of the family that it is believed by the lawyers in the case that the selection of jurors to hear the evidence will be more of a job than it generally is in a murder case.

The wild tales that have been circulated to the effect that the State has found earrings and other jewelry worn by Mrs. Harris are scouted by the attorneys for the defense. The stories that silverware and other valuables from Harris home have been found are said to be untrue.

Late Tuesday afternoon March 12, parts of Mrs. Harris' body were found in the little that remained of the beautiful country home. Tuesday, April 23, the coroner returned a verdict after a six weeks' investigation. The contents were suppressed but the coroner said he had found Mrs. Harris murdered. Tuesday, May 7, two weeks later, the grand jury returned an indictment.

The names of the special venire of talesmen drawn yesterday were made public today as the sheriff expected to have them all summoned by tonight. They are:

- W. E. Major, Anderson.
- J. F. Downey, Posey.
- Isaac Dearing, Orange.
- John K. Stiers, Rushville.
- James M. Spillman, Anderson.
- Henry E. Stager, Ripley.

MEMORIAL SERMON SUNDAY

Will be Preached by the Rev. C. M. Yocum.

The Rev. Cyrus M. Yocum will preach the annual memorial sermon Sunday morning at the Main Street Christian church. Members of the G. A. R., all veterans of the Civil war and Spanish-American war, Sons of Veterans, Patriotic Sons of America and the Woman's Relief Corps are urged to meet at the court house by 10:20 o'clock and march to the church in a body. These same organizations are asked to meet here on Decoration day and march to the cemetery. Flowers for Decoration day will be gladly received at the court house.

ALUMNI WILL BE ASKED TO ATTEND

Return Cards to be Sent to Graduates of Rushville High School in Few Days.

SECOND BANQUET WED., JUNE 19

Plans are being completed for the second banquet and meeting of the Rushville High School Alumni Association. It will be held Wednesday evening, June 19, in the basement of the Main Street Christian church, in all probability. Although arrangements have not been finally made with the Pastor's Aid Society of this church, it is expected by the committee that they will serve the banquet. They were in charge at the first banquet of the organization in September, 1910. At that time, when the organization meeting was held, it was decided the alumni would banquet every other year on the third Wednesday in June. In a few days cards will be mailed to the members of the association, and they will be asked to mail return cards to the secretary signifying whether or not they will attend. This is done so as to determine the number of banquets the women of the church will have to serve. New officers will be elected at the meeting in June.

YOUNG BOY GIVES A BOND FOR \$500

Emmett Ross, Living West of Moscow, Will Have to Answer to Serious Charge.

PREFERRED BY GIRL'S FATHER

Emmett Ross, age nineteen, living near the Rush-Shelby county line west of Moscow, was arrested on a charge of a very serious nature yesterday. It was preferred by John McCorty, father of Freda McCorty, a young girl. Ross gave bond for five hundred dollars for his appearance in a court of a justice of the peace Friday evening. Ross is the son of James Ross, who resides on S. P. Stroupe's farm, and he was arrested yesterday by the Shelbyville chief of police while at work in the field. Ross denies that he is guilty, and seemed very much unconcerned about the charge brought against him. The girl gave birth recently to a child which died.

CARTHAGE BOYS BEFORE JUDGE

Roy Linscott and Carl Walker Tried in Juvenile Court on Incurrigibility Charge.

PROBATE OFFICER REPORTED

Tragedy in Which Howard McDaniel Met Death From Bullet Occurred February 28.

Interest in the Carthage tragedy of February 28, in which Howard McDaniel, age thirteen, was killed by a bullet from a .32 calibre revolver, held by Roy Linscott, age fifteen, was revived today when the two boys, Roy Linscott and Carl Walker, were tried in juvenile court before Judge Blair on the charge of incurrigibility. The trial lasted the entire day and will not be completed until a late hour this afternoon.

Some time ago Judge Blair appointed Howard Barrett as probate officer to investigate the case. Mr. Barrett made his report to the court this morning and it is understood the affidavit against the boys charging them with incurrigibility was filed on the strength of his report. It is generally understood that the grand jury of the February term of court returned an indictment against the boys, but as they are under sixteen years of age they could not be tried on a felony charge. It was for this reason that Judge Blair appointed a probate officer. In case the court finds them incurrigible they will be sent to Plainfield.

Both of the boys were on the witness stand this afternoon. The common story of the affair has been that they were scuffling over the revolver. The two boys denied this. They said their was a scuffle, but it was not over the possession of the revolver. Carl Walker told the court that there was a friendly mix-up and that Linscott placed his arm around McDaniel's neck, while in possession of the gun. The revolver rested on McDaniel's left breast and was fired. According to Walker the boys had been in the habit of carrying revolvers. He related an incident that occurred in school. Some money was stolen and the principal searched all the boys. That day Walker had the revolver with him and the professor found it and several others. The revolver was given back to him after school. The defense showed the court that the boys were working and helped support their mothers.

The trial began shortly after court convened this morning. John Cheney, prosecutor of this district, represented the State. Probably one hundred witnesses were called by both sides. Jasper Parrish, marshal of Carthage was one of the first to testify. He stated that frequently he had sent the Linscott boy home after eight o'clock at night and on different occasions had tried to catch Carl Walker and Linscott stealing milk, but was unsuccessful. In his opinion both had bad reputations.

William Bundy, president of the Carthage school board, stated that he had seen young Linscott smoke cigarettes and from all he had heard he was of bad reputation. Mrs. Bundy told the court that her niece had caught Linscott raising her laundry bill. She admitted that the amount of money obtained was very small. Dora Garden testified she saw the revolver with which Howard McDaniel was killed, in the possession of Roy Linscott at school on the day of the shooting. On cross examination she stated that she did not know that twelve revolvers were found in the Carthage schools.

Allen Newsome stated that both the boys had bad reputations, but were

AGED SOLDIER DIES IN HOWARD

Jonathan Tolle, Age 77, Who Was Born and Reared Here, Expires Near Kokomo.

VETERAN OF THE CIVIL WAR

Served With Distinction as Member of Twenty-Third Indiana Volunteer Infantry.

Jonathan Tolle, who was born and reared in Rush county, died at his home in Howard county Sunday night. The funeral services were held at ten-thirty this morning at the late residence, and burial was made at Albright's cemetery near his home. The Kokomo Tribune has the following to say concerning his life:

Jonathan Tolle, age 77 years, living a half mile east of Grange Hall school house, died at 8:50 o'clock on Sunday evening. Death resulted from Bright's disease and came after illness of three years' duration.

Mr. Tolle was born in Rush county, moving early in life to Tipton county, near Sharpsville. Later he went to Casey, Illinois, and fourteen years ago came to Howard county, taking residence on the farm on which he died.

He was a veteran of the Twenty-third Indiana Volunteer infantry, and served with distinction in the Civil war. He was a member of the Masonic lodge, a quiet, genial, companionable man, one who was well known and liked in his neighborhood.

The widow, Mrs. Mazana Tolle and four children survive. They are Scott of Howard county; John H. of Tipton county; W. H. of Clark county, Illinois; and Mrs. Alice Addison of this county. Henry Tolle of Superior street, Kokomo, is a brother, and the sisters are Lucretia Sutton and Minerva Osborn, both of Tipton county.

RICH WILSON TO HOLD FLAG

Local Horseman Chosen Again to Start Shelbyville Races.

Richard Wilson of Rushville, has been secured by the Shelby County Fair Association as starter in the races during fair week here, says the Shelbyville Republican. Mr. Wilson is one of the best known starters in this section of the country, having held this same position with the local association for a number of years.

IS TRAINED HERE.

Shelbyville Republican: Howard Gordon of Morristown has a pacing mare that promises to make a good report for the coming racing season. The animal is now on the Rushville track for training. She is a three-year-old and has stepped an eighth in .17. She went a mile in 2:32 last season.

SUPERSTITIOUS YET.

Mrs. J. B. Pusey contends that the old rule which provides that if it rains on Easter Sunday it will rain the six following Sundays was not broken this year. Last Sunday no rain fell in Rushville and immediate vicinity. The fact that the rule had been broken here was duly chronicled. But Mrs. Pusey says she was driving between New Salem and Andersonville Sunday and that it did rain there. A rule's a rule and there you are.

BIG DEAL IN REAL ESTATE

J. D. Case Trades 320 Acre Farm for Milroy Property.

J. D. Case of this city has traded a farm of 320 acres, located in Jennings county near the Jefferson and Ripley county line to O. P. M. Richey of Milroy for all of his property in and near Milroy, which consists of a sixty-acre farm a mile south of Milroy, a saw mill site and their residence property in Milroy. Mr. Richey will vacate in about a month. He was born and reared in Milroy. It is the biggest land transaction for Milroy in many months.

CONVENTION DATE HAS BEEN CHANGED

Annual Meeting of County Sunday School Schools Will be Held June 7, 3 Days Later.

IN ORDER TO GET SPEAKER

The date of the Rush County Sunday School Association convention has been changed from June 4 to June 7, in order to secure the services of the Rev. E. W. Thornton of Cincinnati. Mr. Thornton is the successor of Herbert Moninger, who was here four years ago. Mr. Thornton is a splendid speaker and is very enthusiastic about Sunday school work. He will speak at night on "The Adult Bible Class Movement." At this meeting all adult classes of the county are asked to send the largest delegations possible. The program and further details will soon appear as the work of securing speakers has been completed.

SWINDLERS OF NEW SCHOOL ARE AT WORK

Solicitor Collects Clothing to be Given a New Dry Cleaning Process.

THEY ARE NEVER RETURNED

The police of Muncie, Anderson, Richmond, and other surrounding cities are sounding alarm against a new kind of thieving, says the Newcastle Courier. The new game is a clothes graft in which an individual who represents himself as a solicitor for a dry cleaning or clothes pressing establishment secures clothing on that pretense and steals them.

He has worked the game successfully in other cities, but as far as it is known he has not appeared in this city. However, as his success may make him bold, Newcastle people should exercise a care in handing their clothes to utter strangers.

BETTER ROADS?

Greensburg Review: Clifford Jones and wife accompanied by Boyd Bonner and Miss Mildred Johnson made a trip to Rushville Sunday in Mr. Jones' car. They changed greetings with several former Greensburgers and report the roads in Rush county much better than those of Decatur.

FILES SUIT FOR \$10,000 DAMAGES

George Sparks, Former I. & C. Motorman, Asks That Amount for Alleged Personal Injuries.

FLYING GLASS HITS HIS EYES

Plaintiff Worked on Local Division Until Few Months Ago—Well Known Here.

George Sparks, a motorman on the I. & C., who recently worked on this division and lived in Rushville, has brought suit in the Decatur circuit court against the company by which he was formerly employed, for ten thousand dollars damages for personal injuries, alleged to have been received while he was employed as a motorman December 10, 1911.

Sparks is well known here, having been transferred to the Greensburg division a few months ago. He has a brother Albert Sparks who works for the I. & C. The plaintiff in the suit has not acted as a motorman for the I. & C. since the accident.

According to the complaint Sparks was running car No. 312 from Indianapolis to Greensburg and it was scheduled to arrive in Greensburg at 7:30 p. m. The car which left Greensburg at 6:20 p. m. on that date for Indianapolis struck or caught a mast arm which supports the trolley to the messenger wire above it, causing it to break and the two ends were left suspended over the track, the complaint says. This trouble occurred at a point 2,000 feet west of Logan's stop.

When Sparks took the siding at Lewis Siding, the first stop west of Shelbyville, the train dispatcher ordered him to lower the "bow" on the car when he reached the Logan stop and slide under, the plaintiff alleges. The momentum of the car would, of course, be great enough to carry the car under the broken trolley.

The plaintiff further avers that when he reached this place he did as directed and the lights in the car and the headlight went out and on account of this he could see nothing in front of him. The broken ends of the trolley wire struck the glass in the front of the car as he passed under causing some of the broken glass to fly into his face, cutting it and injuring his eyes, according to the allegations of the complaint. From that place the conductor had to run the car into Greensburg on account of the serious and painful wounds Sparks had received, Sparks asserts.

The plaintiff is now suing the company claiming that they knew of the accident and realized in how perilous a position he would be placed in coasting under the broken wire.

Sparks was born and reared in Decatur county but now makes his home in Shelbyville.

FARMERS SEE RAY OF HOPE

Fine Weather Changes Prospects For the Wheat Crop.

Farmers are beginning to see a ray of hope for wheat. The change in the weather late last week has brought a change in the prospect and wheat is looking better. Except where there is no wheat at all, there is a prospect for a fair yield. The slump in the market last week was a good indication that wheat is making a better showing throughout the west and northwest.

OLD SOLDIERS GATHER AGAIN

Indiana Department G. A. R. Is In Session.

A BIG CROWD AT SOUTH BEND

In Addition to the Three Thousand and More Veterans Who Have Assembled For the Annual Reunion There Are Thousands of Visitors Who Have Gathered to Help Swell the Welcome of the Old Boys in Blue.

South Bend, Ind., May 21.—For the formal opening of the Indiana department Grand Army of the Republic encampment, more than 3,000 delegates were on hand today. South Bend is ablaze with patriotic colors in honor of the veterans' coming, and only propitious weather for the next few days is needed to make the annual reunion a success.

Not only will the Indiana G. A. R. meet here for three days, but the Women's Relief Corps, the Ladies' Auxiliary of the G. A. R., the Sons of Veterans and the Ladies' Auxiliary of the Sons of Veterans as well. The number of delegates is about 3,000, but several thousand visitors in addition are expected on Wednesday and Thursday, which will be the big days of the encampment.

Series of Receptions.

The first event was an informal reception last night given by the two South Bend branches of the Women's Relief Corps. The reception was held

in Auten post hall. At Springbrook park a complimentary performance of "Twelfth Night" was given for the visitors by the students of the high school. This evening a reception will be held for the national and department officers of the various orders in the Oliver hotel, which is also the encampment headquarters.

The encampment sessions will open on Wednesday and continue until Thursday night. The grand military parade will be held Wednesday afternoon, and the various orders will elect officers Thursday. At the same time the G. A. R. will select the next encampment city.

The Indianapolis delegation was accompanied by the boys' band of the Indiana Soldiers' and Sailors' Orphans' home at Knightstown.

fine of \$100 and a sentence of ninety days in the woman's prison at Indianapolis was entered against her in court on a charge of keeping a disorderly house. Another woman is to be tried on a similar offense and it is believed she will fare no better.

A crusade against vice has been begun by the police on the eve of the new vice commission beginning its work. An ordinance was recently passed by council amending another ordinance fixing the residence district and excluding saloons except on two lots, on one of which is located the saloon owned by Mrs. Scherer. It was vetoed by the mayor.

Sustained Self-Defense Plea.

Lawrenceburg, Ind., May 21.—George H. Croxton, aged thirty-one, caretaker of the estate of Mrs. Emma M. Miller, who was charged with murder in the first degree for the killing of Claude C. Palmer, aged twenty-nine, an employee on the farm, was acquitted in the court of Magistrate Brannon after a preliminary trial. Croxton alleged self-defense, and Mrs. Miller, who witnessed the killing, testified that Palmer was rushing at Croxton with a razor.

Elks Gathering at Anderson.

Anderson, Ind., May 21.—Although the eleventh annual state reunion of Indiana Elks will not open until tomorrow, this city already is in bright attire, and it is also to be made a homecoming week for former residents of the city and Madison county. The Elks' colors, white and royal purple, intermingled with the red, white and blue, adorn all of the business and public buildings and also many residences.

Receiver For Big Concern.

Indianapolis, May 21.—Judge Carter of the superior court has appointed Charles E. Coffin receiver for the T. B. Laycock Manufacturing company. The suit is a friendly one and was brought because of a temporary lack of funds. The total assets of the company are given as \$1,066,600. The total indebtedness at the present time is given as \$366,000.

Will Open Campaign June 18.

Indianapolis, May 21.—With Eugene V. Debs and Emil Seidel, candidates for president and vice president of the United States respectively, as the principal speakers, the national executive committee of the Socialist party chose Chicago for the opening of the Socialists' campaign on June 18.

Great Engineering Feat.

St. Petersburg, May 21.—The government is planning the longest tunnel in the world. It is to be fifteen miles long and with other facilities will connect Tiflis and Vladikavkaz, the latter place being a town in Cis-Caucasia. The two places are 125 miles apart, and at the present time a roundabout journey of 940 miles is necessary in order to go from one place to the other.

Evidences of Foul Play.

Gary, Ind., May 21.—Mystery surrounds the death of a well dressed young man about twenty-five years old, whose body was found along the Pennsylvania tracks. Indications are that he was robbed and murdered, as all money and valuables were missing from the clothing.

In France it will soon be obligatory to provide automobiles with mudguards to protect pedestrians.

TASTE, SMELL AND HEARING RESTORED

A Harmless Remedy Relieves Catarrhal Deafness.

The thousands who suffer the miseries of catarrh, and claim they have never found a cure, can get instant relief by simple anointing the nostrils with Ely's Cream Balm.

Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose, head and throat, and brings back the sense of taste, smell and hearing. More than this, it strengthens the weakened, diseased tissues, thus protecting you against a return of the trouble.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached with mixtures taken into the stomach or with snuffs and powders which only cause additional irritation. Don't waste time on them. Get a fifty cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner. Hargrove & Mullin, special agents.

New Breakfast Food

Representative Mann of Chicago recently stopped to inspect some street construction work in the Windy City. His attention seemed to be particularly drawn to a large iron cylinder that was being constantly turned over a fire for the purpose of heating gravel.

"What do you make of that, Mann?" asked a friend who chanced along just then.

"I think they must be rolled pebbles," answered Mr. Mann. "Some new kind of breakfast food adapted for those Italian immigrants."

COVERED WITH SORES

Many People Don't Know How to Get Rid of Skin Troubles.

Try This Remedy at Our Risk.

There are many people whose skin is almost covered with sores caused by eczema or some other skin trouble and who suffer terribly when they might have relief.

What they need is a remedy that will heal thoroughly without irritating, but ordinary ointments are useless in such cases.

That is the condition our new skin remedy, Saxon Salve, was devised especially to meet; and we sell it under a positive guaranty of satisfaction or money back. Even in the first few days of treatment, you can see a remarkable improvement.

Saxon Salve gives immediate relief from the terrible itching and burning, and also penetrates the skin thoroughly, healing it in a short time. It is the most satisfactory we have ever seen, and is as good for young children as for older people. F. B. Johnson & Co. druggists, Rushville, Ind.

Philosophic Quips From Preacher Editor's Paper

Clint Cox is having the old store room repaired and will move into one part of it and fit the other part up for a public hall.

From all indications the Rush coroner and the grand jury are trying to throw the blame for the Harris tragedy upon Paul Harris, a son of the murdered woman.

You will find a less number of loafers in Andersonville, according to its population, than in any other works, even father.

One can almost see the grass grow these days, it surely is long enough now to turn the old cow out on it.

Selfishness is a crime. Even if a proposed improvement does not appear to benefit you, if it benefits your neighbor don't shirk your share of duty. Give it a boost.

Andersonville is the greatest place in the world for agents, we suppose. Scarcely a day passes, but one or more agents are in town trying to sell everything from a piano to a paper of needles.

One thing is sure—during the rainy weather the citizens of Central Avenue are not annoyed by the dust raised by passing automobiles.

We see so many old men and women who were never children or we would judge so from their actions and talk. As we grow older we for-

get that we were once young and giddy and we expect the young people to have old heads on young shoulders. Children need to be loved, to be sympathized with and not to be always condemned.

Life is what you make it. You can make it a misery for yourself and those about you, if you want to, but that was never our conception of living.

Let us boost for a greater population. It would not be a difficult task to induce people to move here if there could be found lots for sale. Let some one lay off a few lots and try it.

The man who grows because nothing comes his way should go out into the highways and compel fate to vouchsafe him something. Folded hands and despairing hearts never gained anything.

Hatred and sometimes black-eyes and bloody noses are sometimes born of religious and political arguments. Moral: You can have your own opinion but don't expect the other fellow to coincide with all your views.

What has become of the good old songs that our mother sang to us in the remote sweet days of childhood? Those tender but sensible songs have been replaced by the timental twaddle of nonsense that offends one's ears every time a singer is called upon to perform. The old songs are old fashioned but they are still good enough for us.

SHOCK CAUSED INSTANT DEATH

No Hitch In Execution of Murderer Richeson.

FACED CHAIR WITH COMPOSURE

As He Said He Would, the Cambridge Preacher Who Foully Destroyed the Life of Trustful Sweetheart, of Whom He Had Grown Weary, Walked to Instrument of His Own Death Without Apparent Tremor.

Boston, May 21.—In the state prison early this morning Clarence V. T. Richeson, a former Baptist clergyman, the self-confessed murderer of Miss Avis Linnell, his former sweetheart, whom he killed to conceal her condition, for which he was responsible, and to get her out of the way before his marriage to another young woman, for which wedding the invitations had been extended, was put to death by electricity. At 12:10:02 o'clock the electrician threw a lever that sent a current of 1,900 volts of electricity through the condemned man's body as he sat strapped in the chair. The first shock caused instant death, and after an examination by the physician in attendance, Richeson was pronounced legally dead at 12:17.

Richeson went to his death with composure, as he said he would. He stepped from his cell into the corridor and through a door into the death chamber. When he had taken thirteen paces he was in front of the electric chair. He took his seat in it, the straps and electrodes were quickly put in place. The four guards who had accompanied him from his cell, and Chaplain Stebbins, who preceded him into the room, stepped back. Warden Bridges raised his cane as a signal, and in the next second Richeson's spirit had left his body.

Wore Ministerial Garb.

The condemned man was ready to meet his fate when the guards went to his cell. He walked erect and unassisted between the guards. He looked directly ahead and after reaching the chair, sat down in it and then closed his eyes, never reopening them. Richeson did not wear the usual garb which is given to a prisoner before he goes to his death. He wore ministerial attire, black frock coat and trousers, white vest and starched shirt, containing gold studs, his customary turned down collar and black bow tie and black low-cut shoes. Richeson shook hands with William A. Morse, his counsel, when he left the cell, and remarked, "I'm ready." He was almost smiling when he reached the electric chair.

Outside the prison there was but a small gathering of people. The gates of the yard were closed and no one was permitted to enter who did not have business there. Just before midnight the legal witnesses reached the prison and were introduced to each other. They went into the warden's office and met some of the other fifteen men who were to witness the electrocution. Electrician Currier was in the room behind a screen, and when the warden raised his cane threw the switch that sent the condemned man into eternity.

Richeson passed the last twenty-four hours of his stay on earth in much the same way he spent the two previous days. He slept very little, scarcely tasted food, read the Bible and other religious books, talked and prayed with the prison chaplain and expressed his final wishes to his counsel. Because he abstained from food so long, Richeson was in a much weakened condition. Dr. J. I. McLaughlin, the prison physician, examined Richeson closely, but did not detect anything unusual in the man's condition or state of mind. To the reporters Dr. McLaughlin said that while the condemned man was weak from lack of nourishment, he was in good shape and in no danger of collapse.

When the clergyman informed the prisoner that it was to be his last day on earth, Richeson received this fatal information with composure; in fact, he was much less disturbed than was his spiritual adviser.

KING OF BELGIUM

Who is Preparing to Bring Suit to Defend Good Name.

GOING TO COURT

King of Belgium Will Defend His Fair Name Against Libel.

Brussels, May 21.—King Albert of the Belgians is about to emulate King George of England and enter the law courts in order to vindicate his personal character.

A story is out to the effect that the queen discovered a liaison between the king and a maidservant and that she fired a revolver shot at the latter. Suits are being prepared against the disseminators of the stories, which are declared to be wholly without foundation.

EXPECTS TO BREAK EVEN WITH COLONEL

The President Leaves Ohio for the Jersey Campaign.

Dayton, O., May 21.—With assurances from his managers that he will at least break even with Roosevelt in regard to Ohio delegates, President Taft ended his Ohio tour. The president, after the final meeting of his campaign here, last night left for Cincinnati, to cast his ballot today and then head for Washington. Mr. Taft will reach the White House just about in time to get a fresh change of linen and then make a bee line for New Jersey, where the next great stumping contest between him and the colonel will take place.

The president, from the beginning to the end of the campaign, continued to attack Roosevelt on the ground of the threat to bolt the Chicago convention.

The president in the course of the day yesterday dropped over the Ohio line into Indiana for the purpose of changing cars. He found himself at Richmond. Responding to the calls of the crowd, he made a short address. In his remarks he referred to W. D. Foulke, Colonel Roosevelt's handy letter writer, as "your wild and fanatical fellow citizen."

OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Nowadays, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair. Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Special Agents, Hargrove and Mullin.

Republican Majorities.

In California as in the other States of the North and West which have held primaries thus far, the Republicans were far ahead in the voting for candidates, says the St. Louis Globe-Democrat. The Republican total was not as large anywhere as it was at the polls in 1908, but this is of no particular consequence. The reason for this falling off is plain. Not so much

interest is taken in choosing a candidate as there is in electing him after he is chosen. The question, "What has become of the Republican vote in California?" which is being asked in some quarters since the primary last Tuesday, will be answered authoritatively on the first Tuesday of November next.

Part of the big margin in the Republican vote in California's primary over the Democratic vote is due to the fact that far greater interest was taken in the Republican canvass than in the Democratic. Another reason is that the Republicans have a large majority over the Democrats in a normal poll in that State. Taft had a lead of 97,000 over Bryan in the Golden State in 1908. It seems safe to predict that the Republican candidate of 1912 will have a very big plurality there over his Democratic competitor, whoever he may be. Bryan was more popular than any Democrat who is now in sight. Nothing has taken place in that State in the past four years to diminish the Republican normal margin. On the other hand, something has occurred which is likely to increase it. Women obtained the ballot in California in 1911, most of them voted for one or the other of the Republican aspirants last Tuesday, and most of them are likely to support the Republican candidate in the election.

The line-up in the primaries in the States which have usually been carried by the Republicans is very encouraging to them this year. There is no indication that the lead of 1,200,000 obtained by Taft in 1908 will be materially diminished in 1912. It must be remembered, too, that in the new apportionment, which goes into effect in the voting this year, the normally Republican States have made a large relative gain. The Republican candidate can lose a few States this year which he carried four years ago, and still have a very wide margin in the electoral college. The primaries, indeed, go far toward removing the country's doubt as to the outcome in November. There is no serious ebb in the Republican tide, so far as can be judged by the plebiscites which have taken place thus far this year. The probability of the maintenance of Republican sway in the National Government is a large factor in that strengthening of business confidence which is shown throughout the country in the past few months.

Road Taxes.

Economy and honesty demand that road taxes shall be paid in cash. Over four millions of dollars is supposed to be raised each year by the counties and townships of Indiana. Much the larger part is township tax that to a large extent may be "worked out" instead of being paid. A large part of these township road taxes are assessed against railroads and other public service corporations. Most of these corporations "work out" their taxes, the same, they claim, as the farmer. In other words, they

Sam Sanderson Says:

That he has received circular letters, too, telling him that the West wants him, but he's getting so he don't pay any attention to them.

let the job of "working out" the railroad tax to a couple of large firms of Road Contractors down at Indianapolis, for say, 85 cents on the dollar. These "Road Contractors" seldom do the work themselves but sublet the job to some local contractor in each county, for say, 60 cents on the dollar, and the county contractor frequently sublets it to some one in the township. You can guess who, and most every one knows the result.

Governor Marshall, in his message to the Indiana Legislature, Jan. 4, 1911, said:

"The highway laws of this State are wholly unsatisfactory. Their most serious weaknesses are found in the method of selecting supervisors, and the permission to work out road tax. This permission enables corporations, by contract, to pay their road tax at about 50 cents on the dollar. To remedy this defect all road tax should be paid in cash, and all road work should be one by contract, and upon plans and specifications provided by a competent road engineer. Automobiles destroy public highways rapidly, and an automobile tax should be exacted, the proceeds of which should be applied to the building and upkeep of the highways."

Is the system of working out road taxes honest?

Will anyone say that a system is honest that levies say, three millions of dollars of taxes for the public good, and then instead of the public getting the full value of that tax we find large sums going into the pockets of road contractors and railroads and not to the people.

As honest men do you want to keep dishonest laws on the statute books?

Alfalfa May Be Grown on Almost Any Type of Soil

Alfalfa may be successfully raised on almost any type of soil, provided that it is well drained, sweet, free of weeds, and well supplied with organic matter and mineral plant food. Good drainage must be provided. The ground must be free of weed seeds. If the soil is sour, it must be limed before alfalfa can do well. Soil lacking in fertility should be well manured, as alfalfa requires large amounts of plant food.

Inoculation of the soil will generally be necessary and must not be neglected. Soil from a good alfalfa field or from a place where sweet clover is growing should be used for inoculating. The best land on the farm should be used for the first trial of alfalfa. If successful, it will pay better than any other crop.

Alfalfa is an excellent feed for all kinds of live stock. It is rich in flesh forming and milk producing nutrients. It is more digestible than red clover and is not far behind such materials as wheat bran in feeding value. Alfalfa will yield from three to six tons of hay per acre per season, according to the fertility of the soil.

There is now no longer any doubt concerning the adaption of alfalfa to Indiana conditions. Its high feeding value and its ability to produce large yields are established facts. Many farmers in various parts of the State are successfully producing large areas of it and their experience and the experiments of this station, which have extended to practically every county, have shown that its successful production is imply a matter of understanding its requirements. In every neighborhood the interest in its production is becoming more and more marked and the time is not far distant when this valuable forage will play an important part in Indiana agriculture.

As with all crops that are new to the farmer or to the local conditions, there is much to be learned about alfalfa before it can be successfully produced. The nature of the plant must be carefully considered and its habits of growth, its needs in the way of plant food, the soils best suited to it, and its cultural requirements

must be understood. Without such knowledge much disappointment is likely to result, and no one should attempt to raise alfalfa without first making a thorough study of the subject. When once understood alfalfa is easily produced and the large profits that may be secured from it make it well worth while to devote some study to its requirements.

Reorganizing the value of the crop and its possibilities for better agriculture, the Purdue Experiment station began experiments with it in 1903 with the purpose of finding out its cultural requirements. In recent years these experiments have been conducted in large numbers throughout the State, on all the principal soil types and in practically every county. As a result of these investigations, there has been collected a large amount of valuable information concerning the requirements of alfalfa, its behavior under different surroundings, and the best methods of dealing with it.

During the past year the experiences of nearly 300 successful alfalfa growers, representing all parts of the State, have been collected and carefully studied and much has been added to our knowledge of the causes of success or failure and we are more than ever convinced of the large possibilities of the crop in Indiana.

Nearly every county has its alfalfa growers and in some counties it has become a common crop. Many farmers have considerable areas of it and are finding it by far the most profitable crop on the farm.

LET US SHOW YOU NO-RIM-CUT TIRES

You are undoubtedly convinced that you should use No-Rim-Cut tires. Every motorist has read about No-Rim-Cut tires again and again in the magazines and newspapers. You have read how the 10 per cent oversize No-Rim-Cut features cut tire bills in two. You have wanted these tires. They are here now. Let us show you.

NO-RIM-CUT FEATURE

No-Rim-Cut tires have six tapes of 120 braided wires in the base, making the base absolutely unstretchable. Nothing can force the tire out of the rim channel. A hooked base is not necessary to hold the No-Rim-Cut tire on. The hooked side of the rings are turned away from the tire. Then the tire, when deflated, rests on the rounded side of the rings. Rim-cutting is impossible.

GOOD YEAR

10 PER CENT OVERSIZE

When a car is overloaded the tires get that extra strain. That hastens breakdowns—means blowouts. No-Rim-Cut tires are made 10 per cent oversize to provide for overload. The construction allows that.

That oversize means 10 per cent more air—10 per cent more carrying capacity. That oversize saves all that overloading costs. Consider these features and what they save the motorists. No-Rim-Cut tires cost no more than standard clincher tires. Why shouldn't you adopt No-Rim-Cut tires. Come and see them and you will.

SOCIETY NEWS

Roy Beaver, who started this morning for Roswell, New Mexico, where he went for his health, was entertained last night at the home of his parents, Mr. and Mrs. U. G. Beaver, with a party of about thirty of his friends. There were several out-of-town guests, among them being Paul and Angus Deaton of Connersville, Miss Leona Thomas of Arlington, and Pauline and Mary Luella Ashby of Louisville, Ky. Light refreshments of ice cream and cake were served. The evening was enjoyed with games and music.

The Loyal Women's Bible Class of the Main Street Christian church has issued invitations for a musicale Wednesday afternoon and evening at the home of Mrs. George C. Wyatt, 921 North Main street. It promises to be a pleasant social affair. The ladies will be assisted in the entertainment by the following musicians: Mrs. James Swiehart, Mrs. M. R. McDaniel, Mrs. Derby Green, Mrs. D. H. Dean, the Misses Florence Frazee, Jesse Kitchen, Marie Clark, Miss Amos, Phyllis Dean and Georgia Wyatt, the Messrs. Jesse Pugh, B. F. Miller and J. Walter Wilson. The guests for the afternoon will be the ladies of the Aid and Missionary Societies of the different churches of Rushville and the evening guests will be the members of the Christian church.

The Sixth District Convention of the Federation of Clubs will be held in this city Tuesday, May 28, in the U. B. church, says the Newcastle times. The clubs of the Sixth district, which includes seven counties, will be the guests of the clubs of Henry county, and about two hundred guests are expected. At noon a sumptuous chicken dinner will be served by the U. B. Aid Society, for which will be charged fifty cents per plate, and besides the out-of-town guests, as many local club delegates as possible are urged to be present at this dinner. An excellent program has been arranged and among the prominent people to assist will be the president of the Indiana Federation of Clubs, Mrs. Felix McWhirter of Indianapolis, who will talk on the "Homes of Indiana," Mrs. M. F. Johnston of Richmond, on "Art," Mrs. Ochiltree on "Parent-Teachers Clubs," and Mrs. Earl of Connersville on the "General Federation of Endowment Fund."

One of the most delightful of spring social functions was the entertainment by the Monday Circle of the Tri Kappas and the husbands of the members of both women's organizations last evening at the home of Mr. and Mrs. James E. Watson, corner of Main and Eighth streets. About fifty guests enjoyed the program.

Last night was the closing meeting of the year which has been devoted by the Monday Circle to the study of the State of Indiana. The invitation extended to the Tri Kappas was appropriate in that the Tri Kappas also have been studying Indiana this year. Active and inactive members of the Tri Kappa sorority were the guests. Tri Kappa patronesses and their husbands were also invited guests.

The meeting was opened by Mrs. M. R. McDaniel, the presiding officer of the Monday Circle. Mrs. McDaniel welcomed the guests in behalf of the Monday Circle and then introduced Mrs. Jesse Pugh, who was the leader for the meeting.

Mrs. Pugh read a very interesting paper on "Music in Indiana." She had some apologies to make to B. F. Miller who was lauded in her paper for his work as a soloist. Mrs. Pugh explained that the paper was prepared at a time when it was not expected it would be read in the presence of Mr. Miller. She remarked facetiously that she felt such explanation was necessary because of Mr. Miller's modesty concerning his achievements in music.

Mrs. Pugh's paper was very much enjoyed and showed the fruit of very much work and thought. She paid a very deep tribute to the "native son" which Rush county has furnished the world of music—Carl Morris—the New York baritone who will give a concert here May 29. Mrs. Pugh referred to Arville Harrold, the Muncie grocery boy, who first sang in cheap music halls, but who is now declared

by Oscar Hamerstein to have the ability to become the greatest tenor soloist the world has ever known.

Mrs. Pugh told of the life and work of Hanson, the blind organist of Indianapolis. She asked that B. F. Miller relate something of his experiences with the famous musician, which he very gladly did. Mr. Miller said some very kindly things about Hanson. Mr. Miller was in Hanson's choir in the Second Presbyterian church in Indianapolis for five years.

The paper of Mrs. Pugh was embellished and made more enjoyable by illustrations given by some Rushville musicians of the work of famous Indiana composers. B. F. Miller, Mrs. M. R. McDaniel, Norma Smith and Martha Hogsett assisted Mrs. Pugh in this part of the program. All of them sang, and in addition Miss Hogsett played a piano solo by an Indiana composer and Miss Smith gave a Riley reading, the accompaniment on the piano being played by herself.

Following the program refreshments of ice cream, strawberries, egg kisses and coffee were served.

Then repeated calls were made for other well known Rushville soloists who were present. Miss Hazel Spurrer Swiehart, who is visiting here, sang twice very beautifully. She was compelled to respond because of the insistent demands of the guests. Mrs. Swiehart was heartily congratulated by a number of her Rushville friends.

Jesse Pugh tried to escape but he found that impossible. The demand that he sing was unanimous. He did not sing, however, but gave a short and delightful reading which gave him ample opportunity to display his rare and artistic talent.

Mr. and Mrs. Watson's Victrola entertained the guests the remainder of the evening.

CARTHAGE GIRL EXPIRED

Miss Blanch Harrold Died There This Morning.

Miss Blanch Harrold, seventeen years old, died this morning at eleven o'clock at the home of Mr. and Mrs. John Duncan in Carthage. Miss Harrold had been afflicted for many years and became worse a few days ago. She was the daughter of the late Herbert Harrold. Since Mr. Harrold's death her mother has married and lives in Newcastle at present. Her mother and one sister survive. The funeral arrangements have not been completed.

AMUSEMENTS

The Princess has a Biograph for tonight entitled "Iola's Promise." Miss Mary Pickford is featured. The other is a comedy "Tough Guy Levi." Both are said to be exceptional good pictures.

The Portola offers an Urban war drama, "The Sentry on Guard" as the first picture tonight. It is a thrilling picture showing some very realistic scenes. "The Five Senses" is a Vitagraph Comedy.

"The Fall of Troy," a thirty thousand dollar production, will be the attraction at the Palace tonight. The Itala feature picture in two reels is said to be a very realistic reproduction of the famous scenes. Menelaus, the king of Sparta; Helen, conceded to be the most beautiful woman of the age and over whom the Trojan war was started, and the Greek and Trojan armies in a thrilling battle are some of the things shown. The show tonight will be a benefit for troupe two of the Rushville Boy Scouts.

The One Big Hit

at all the great automobile shows held in New York, Chicago, Philadelphia and other big cities—the one car that stood head and shoulders above all the hundreds of cars shown—was the

Maxwell "Mascotte"

This was because the Maxwell "Mascotte" is the first real high-grade family touring car ever offered the public for less than \$1000.

That it fits the niche we knew was waiting for it, has been amply proven by the manner in which it was received by the public at the shows.

At all the shows the Maxwell "Mascotte" drew enthusiastic approval. It was conceded wonderful value. Such judgment by the motoring public demands your consideration in your search for the best car at the price.

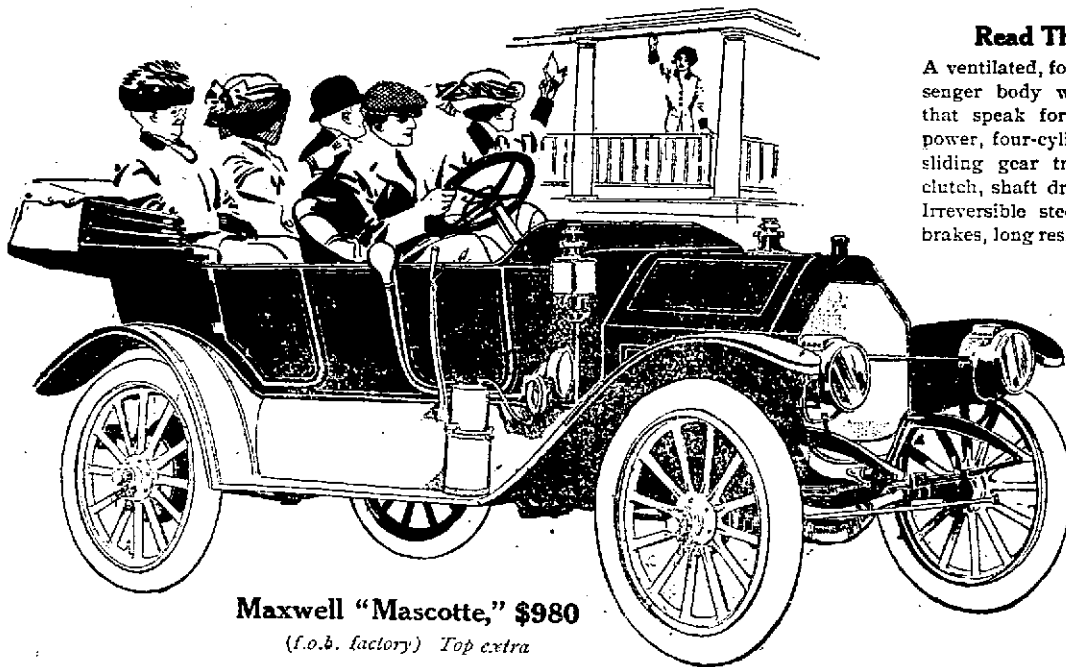

No other car at such a price meets so completely the requirements of the family man—the man of moderate income.

In the Maxwell "Mascotte" you have room for the whole family—power enough in its 25 horse-power motor for any emergency—hills or heavy roads—and high-class style that you can be proud of.

Maxwell reliability, too, is a part of this car. No other car has back of it such a record. Maxwell holds the highest team score in the last two Glidden Tours; the world's record of 10,000 miles cross-country without stopping motor; and records of New York State show 91% of the Maxwell cars sold seven years ago again registered this year in active service.

Let us show you the high-priced car features embodied in the "Mascotte."

Come in today—have a ride in it.

Mrs. N. J. McPike, 470 Huntington St., Wabash, had severe kidney trouble, resulting from catarrh, which apparently poisoned her entire system. While at its worst she began taking Foley Kidney Pills and says: "They seemed to give immediate relief. The first few doses stopped the backache, and eventually cured the inflammation and strengthened the kidneys. I cannot recommend them too highly." F. B. Johnson & Co.

Prof. Chas. W. Stewart, the very well known musician of Logansport, doctored for kidney trouble for many years and still was not relieved. A friend advised him to take Foley Kidney Pills which he did. He says: "They acted promptly, my backache left me, I gained strength, appetite improved, kidney's strengthened, and action became normal. Foley Kidney Pills entirely cured me." F. B. Johnson & Co.

THIS ENDS IT

Off Repeated Accusation Against Churchill Effectually Silenced.

London, May 21.—With a complete apology offered in Justice Darling's court, Winston Spencer Churchill, the popular first lord of the admiralty, ended the oft-repeated accusation that he broke his parole when he was a prisoner at Pretoria during the Boer war. This time it was repeated by a writer in Blackwood's Magazine, and led to the libel action, which was settled by a complete withdrawal of the allegations. The warning of Justice Darling that it would be a serious matter for anyone repeating the charge, doubtless ends a subject which for years has been a source of annoyance to Mr. Churchill.

The Lorimer Case.

Washington, May 21.—The case of Senator Lorimer of Illinois, whose election was alleged to have been brought about through corruption, has been placed before the senate for final action. Majority and minority reports were made by the special investigating committee, the former upholding and the latter condemning the senator.

Guard Summoned to Camp. Indianapolis, May 21.—Brigadier General McCoy, adjutant general of the Indiana national guard, has issued an order calling all the companies of the guard except Batteries A, B C of the field artillery, to a joint camp of instruction with the Twenty-third infantry of the United States regulars, July 15-24, at Fort Benjamin Harrison.

Probably Fatal Fall From Train. Laporte, Ind., May 21.—Floyd Sullivan, whose home is supposed to be in Cincinnati, fell from a Lake Shore passenger train at Rolling Prairie, receiving probably fatal injuries. His right leg was broken in three places, his skull was fractured and he also received internal injuries.

QUEEN OF BELGIUM

STRIKING "TIGERS" THROW UP SPONGE

Unconditional Surrender of Ty Cobb's Sympathizers.

Philadelphia, May 21.—After refusing to meet the Athletics here because their star center fielder, Ty Cobb, had not been reinstated by President Ban Johnson of the American League, the striking Detroit players threw up the sponge and started for Washington, where they have agreed to resume the schedule. The surrender of the Tigers was unconditional. But it did not materialize until President Navin of the Detroit club had promised to pay whatever fines President Johnson may inflict. Navin acted in good faith, but after the players had left town Johnson, who then learned of the manager's promise, declared emphatically that he would not allow Navin to reimburse the players, and furthermore the fines would be made extremely heavy. This may cause more friction, for the strikers were in a belligerent frame of mind when they boarded the train and said that they had given up the fight simply to protect their employer, not Johnson, and the other club owners. Cobb, who remains under suspension, will go to Detroit to wait for further instructions. Navin said that Johnson had refused to state when the suspension would be raised. In short, the American league men asserted that Johnson had won a signal victory for clean baseball.

AN INQUIRY

Congress Asked to Investigate Matter Affecting Secretary Wilson.

Washington, May 21.—Demand for information as to the way in which Jasper Wilson, son of the secretary of agriculture, secured a reputed salary of \$10,000 with a Colorado irrigation company was made in a resolution introduced in the house by Representative Akin of New York. The measure calls upon Secretary Wilson to answer by all correspondence or other documents whether his son's appointment was arranged by Solicitor McCabe and Disbursing Clerk Sappone and whether the department is now extending special favors to the Colorado company.

Uncle Sam May Put Out Scalloped and Punctured Fractional Coins

Washington, May 21.—It is not improbable the congress will order the coinage of 3-cent pieces and half-cent pieces, since a bill making provision for additions to the American coins has been passed by the house. A similar bill is pending in the senate.

The treasury department has withdrawn its opposition to the proposed new coins. George E. Roberts, director of the mint, has suggested that one of the new coins be made with a scalloped edge, and the other perforated, like the Chinese coins.

Concerning the need for the new coins the committee's report says:

"Almost every civilized country in the world has one or more coins intermediate in value between our 1-cent piece and 5-cent piece, and also one or more coins of a value, approximately, equivalent to the half-cent or less.

"The coinage of the half-cent piece is desirable for reasons similar to those urged in behalf of the 3-cent piece, namely, to encourage economical buying, both directly, by affording

the means of making smaller change, and indirectly, by the psychological effect produced by the existence of smaller coins. The treasury department has received many communications urging the coinage of a half-cent piece."

Brand Whitlock, mayor of Toledo, and Newton D. Baker, mayor of Cleveland, have sent a joint letter to congress setting forth the following reasons for the coinage of 3-cent pieces:

"A 3-cent piece will be incalculable immediate advantage to the communities wherein prices, fares, services are on a 3-cent basis or multiple thereof; as, for example, the 3-cent fare in Cleveland, Toledo and elsewhere on street railways; 3-cent articles on bills of fare, 3-cent amusements, etc.

"A 3-cent piece will provide a smaller medium with which to purchase hundreds of articles which are now arbitrarily sold for a nickel for want of a smaller coin, thus establishing a just and more rational relation between value and price. It

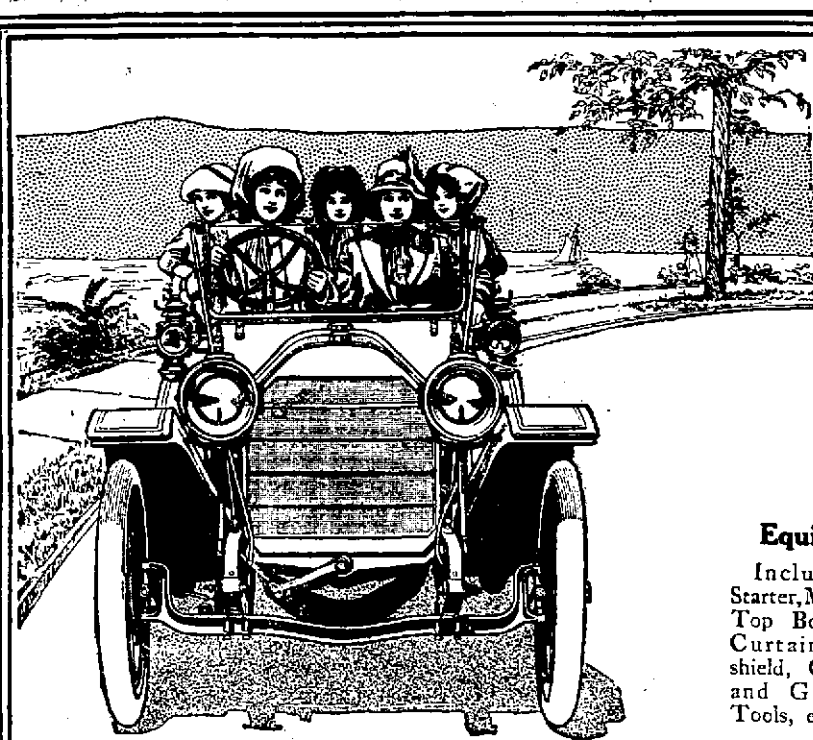

will enable the masses to purchase commodities in smaller quantities, as in European countries, thus encouraging economical buying."

The committee's report states that the 3-cent piece has been indorsed by formal action of numerous city councils throughout the country.

J. A. Shanks, Lewisburg, Ind., enjoyed a visit from his grandchildren. Both suffered from a severe cold and coughed at night. The medicine prescribed failed to stop their coughing so Mr. Shank took the matter into his own hands and says: "I got a bottle of Foley's Honey and Tar Compound and after a few doses they went to sleep and slept throughout the night without coughing." Roadster \$1120 **COURIER** Touring Car \$1150

An invitation to you. Some day soon we want you to take a Courier ride—whenever you say. We want you to see the Courier and to feel it in action, because it is really a remarkable car. Its size, appearance, equipment and price make it so. We'll expect you to 'phone us, or write, your address and say when—no matter if it does rain—you'll be well protected. Every Courier has a top, curtains and windshield. We will call for you.

Then we'll ask you to notice some things about the Courier—points you'll find interesting as we spin along. First you will see how graceful the car appears—you would never know that its price is low. When you enter you'll notice the easy steps, the wide doors, and seats as comfortable as library chairs. There is plenty of room.

When we start you won't feel the motor—you won't feel any jar as we change gears—but you'll feel the motor pull when we open the throttle. At the first hill we will give a little more power and you'll sink deeper into the upholstery. Try the brakes—surely. It is pleasant to stop gradually but positively—and it gives you confidence. There are four brakes and we used only one set that time. The other is for emergencies.

It rides easily, too—long springs, long wheelbase, best hair in the cushions. You won't feel the bumps even when we get out into the country—that is where we'll go, because it is delightful to tour on country highways and byways—in a Courier. It is the only moderate-priced car of its character, too. Don't forget—this means you—telephone us immediately.

JAMES MIGHT HAVE LIVED HERE

Who Knows—He Resided in Every Other Town Where Newspapers Accepted Fake Dispatch.

LIKE THAT AEROPLANE STORY

News Bureau Wires Same Tale to All About Nellie Being Slain in Bungalow.

The Central News Bureau of Chicago, which apparently is taking a flier in the news bureau game, is not finding as many newspaper yokels as it did last week, when it started the free advertising scheme for the Chicago aero meet.

Its latest attempt to sell dispatches in this section of Indiana—and possibly in other parts of this State and other States also—fell very flat as very few newspapers took the bait on the hook it sent out in the form of a query.

Yesterday the two local daily newspapers received a query from this news bureau in which it was asked if the newspapers cared for a dispatch concerning an alleged Los Angeles bungalow mystery. Neither Rushville newspaper took to the story like a duck to the water, because it sounded like a "fake" of the pure fabric.

Other newspapers took the same view of the thing, with a few exceptions. Last week's experiences with this bureau taught them that there was not likely to be any truth in the story which the bureau wished to put on the wire, and if there was, it was highly improbable that it would have no local interest as it would be pretended in the story.

Dispatches to a few exchanges received here reveal that the presumption of newspapers who refused the dispatch was correct. The dispatches all stated that James Mullin, age twenty-four, had come to the sad realization that the unidentified woman found in a bungalow in Los Angeles, Cal., recently, was his sister.

What of the clue? She wore—not a yellow ribbon—but an emblem about her neck which identified her and proved conclusively that she was James' sister.

And James—he would have lived in every town in the State of Indiana or any other State where the newspaper might have published the dispatch. According to stories printed yesterday, he lived in Greensburg and Connersville—and it's impossible to tell how many other places.

It's the same old gag. Last week this news bureau sent queries to newspapers to sell a story about a cross-country aeroplane flight. In each city the aviators were to alight and have a chat with the town citizens. It made no difference where the town he located—if it was on the map, an aeroplane was detailed to stop.

This newest dream starts like a yellow back novel. Listen:

"My God, although I pray it is a lie, I am certain that it was my sister, Nellie, who died at the hands of an unknown assassin in Los Angeles recently," so today spoke James Mullin, 24 years old, after he had read of the mystery in the paper four days old which surrounds the finding of the body of a beautiful young woman in a bungalow in Los Angeles a month ago. "I am sure it was my sister because the emblem she wore was found on the dead body. Furthermore I recognize the description of her and finally a scar on the neck is conclusive," and today in the face of this amazing declaration, the police are still seeking for O. T. Dillon, who was traced from the west to New York and back here, where he is said to have been stopping in a cheap second class hotel with a woman who passed as his wife.

The dispatch says further that detectives will call at "your" city where Dillon—the scoundrel—has thought to have been.

These are the facts of the story: A woman whom the police of Los Angeles have identified as Mrs. Bessie Jones of Chicago was mysteriously murdered in Los Angeles. The police believe the murderer was C. C.

not any worse than numerous other boys in Carthage. As far as he knew neither had done much work before the shooting.

E. W. Lewis, an undertaker, knew the boys' reputations only from hearsay. He was called to take charge of the McDaniel boy's body. He found his clothes badly torn. At one time, Mr. Lewis said, he saw young Linscott and a colored boy fight and had heard Linscott swear.

Willie Tuttle, colored, told the court that about four years ago, he and Carl Walker stole a chicken. Only last Sunday night, according to his testimony, Walker accused him of calling him a name. In the fight following Walker struck Tuttle four times. Tuttle said he had heard Walker swear.
